School Improvement Goal

This month's goal is: Social Studies
 The standards we will be addressing are:

- E1.0.3 Describe how businesses in the local community meet economic wants of consumers.
- E1.0.4 Describe the natural, human, and capital resources needed for production of a good or service in a community.
- E1.0.5 Use examples to show that people cannot produce everything they want (specialization) and depend on trade with others to meet their wants.

To address these standards, we are going to learn about two siblings who live in a candy store. They will learn about all aspects of running the store.

Spelling Contract

Please remember that spelling homework is due every Friday. The students do not get any time in school to complete the contracts. Please help students with their homework throughout the week so that they are prepared for the test each Friday.

December Ticket Tracker

Ticket trackers need to be initialed each week. New for December: there is a section for each week for the children to do a random act of kindness. On December 22 for a class reward we will watch "Polar Express" if stations were completed 2/3 weeks on time.
